This tutor was absolutely amazing! She was friendly and began the session by welcoming me to the session and asking if I wanted to connect audio. I loved that she was responsive to what I said I was struggling with and also provided a great resource for me to refer to when I keep working on my cover letter. She began by stating what I had done well in my cover letter and then made suggestions to make it more clear and concise by adding bullet points of skills and experiences. One aspect of our tutoring session that I also really liked was that she shared the perfect amount of her own experience and used self disclosure to help me feel comfortable working with her.	Adult
Thank you!	Adult
I'm not sure if it was just because there wasn't really anything to talk about or what, but I really would have liked to talk with my tutor. I joined the audio but she never did. It would have really helped because I'm not super fast with typing so if I could have talked instead of having to respond in the chat then we could have gotten a little more done. Other than that, the screen most of the time was just blank. It seemed like it could have been an error because it did say at the top of the screen that my tutor was sharing a screen but I couldn't see anything. These two things made it seem more like just giving some quick feedback and moving on rather than actual tutoring (but it could have been just because there wasn't much to talk about).	Adult
