OverDrive Mobile Apps

- Libby
 - iOS, Android, Windows 10+
 - set up 1 or more cards
- Sora - for students, partnered with schools
- OverDrive App - ending in 2022

Getting Started Best Practices

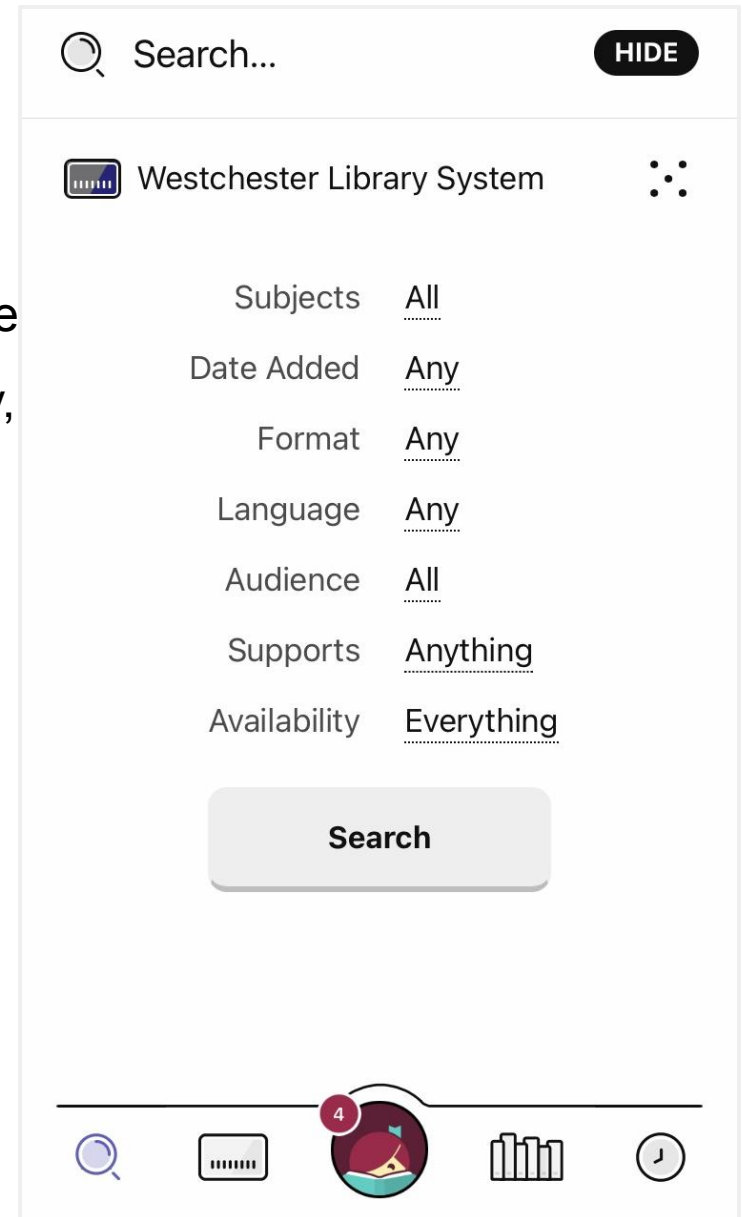

Libby set up and getting started

1. On your mobile device, install the app.
2. Follow the prompts to choose your library, enter your card number and PIN to sign in.
3. Search, check messages or timeline
4. Go to Shelf to read, listen, or download

Libby Search

- Keyword Search
- Limit before getting results by subject, date added, format, language, device capability, availability
- In search results,
 - use *Refine* to limit these results
 - use *Preferences* to limit all future displays and searches

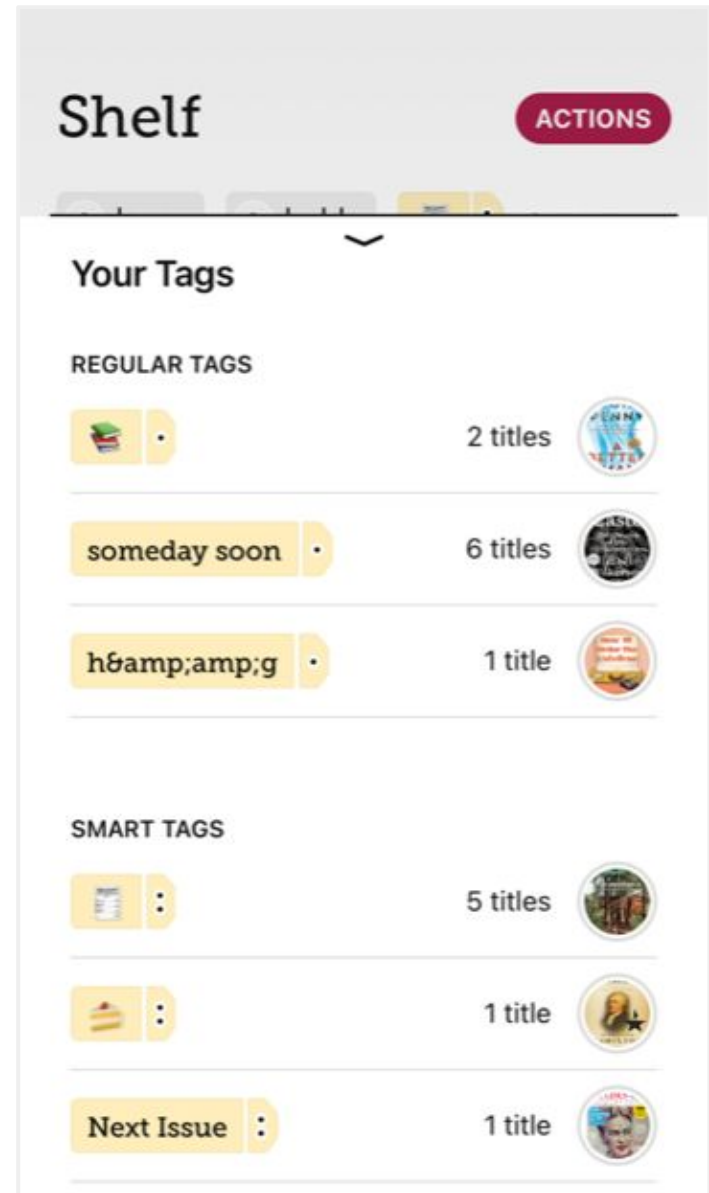

Libby Shelf

- Current checkouts
 - Open, download, return, renew, tag
 - Recent checkouts to renew or resume
- Holds
 - Expected wait time
 - Suspend or cancel hold
 - Because some libraries purchase always available titles, a patron may try to borrow an item and be prompted to place a hold - especially on popular titles

The screenshot displays the Libby Shelf interface. At the top, the word "Shelf" is on the left, and a red "ACTIONS" button is on the right. Below this, there are two buttons: "2 loans" and "0 holds", followed by a yellow "REPORT" button and a "+ more" link. A section titled "TIME'S RUNNING OUT..." is partially visible. The main item shown is "The New Yorker" magazine, dated Jul 05 2021, with a red warning "Expiring soon. Renew?". To the right of the magazine cover is a download icon. Below the magazine are three options: "Open In Libby", "Manage Loan" (with a card icon), and "Due In 7 Hours". Below this is a section titled "WHERE YOU LEFT OFF" with a minus sign. The first item in this section is "Alexander Hamilton" by Ron Chernow, with a checkmark icon. At the bottom, there is a navigation bar with icons for search, a hold icon, a book icon with a red "4" notification, a bookshelf icon, and a clock icon.

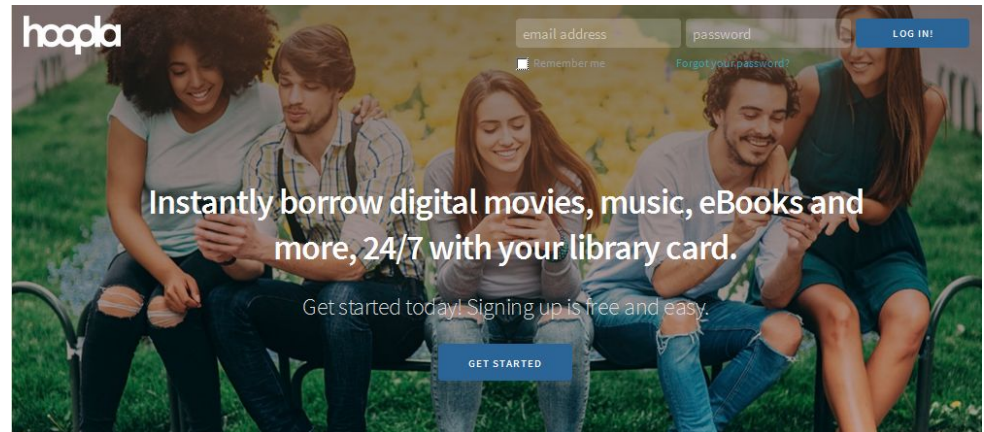

Libby Tags

- Organize, download, share title lists
- Smart tags are OverDrive generated, like *Titles I've borrowed*, *Next Issue*
- Custom tags are user created and can be used to create topical or trending lists

Diabetes and Meal Planning

Overview

What you eat is closely connected to the amount of sugar in your blood. The right food choices will help you control your blood sugar level and your diabetes.

A meal plan is a guide that tells you what kinds of food to eat at meals and for snacks. The plan also tells you how much food to have. Your diet should be low in cholesterol, low in salt and low in added sugar.
