I'm a librarian. I was testing the site. It's not intuitive if you don't have experience with computers/If you're a kid/If you speak another language. We would really like to see a tutorial at elementary level in English and Spanish.	1st
Esteban really helped me understand the topic better, and he was so patient with me and spent so much time on this session with me! Thanks soooooo much!	10th

My tutor was amazing! She gave thorough advice about my essay and took the time to read over my entire paper and make both grammatical and structural edits! My tutor's name was Joanna B, so a big thank you to her!	11th
My tutor was very very nice and I appreciated their help, unfortunately though,I was not able to understand their explanation. It was still quite confusing to me and I still don't understand where they got the answer from. I still think their service was very nice though!	11th
